

KEEPING UP WITH COVENANT VIOLATIONS

Supporting the Northern Robertson Village Mission Statement is crucial to the property value of our homes. This year a dedicated effort will be put forth in making sure compliance of the HOA rules are implemented. It is appreciated if each homeowner would pay special attention to the beautification of their property and abide by the Covenant Rules

If you receive a notice of any violation outlined below or in the covenant and do not correct the violation you could receive a fine. We will make every effort to work with you to comply but if the violation is not resolved it could be forwarded for remedy through legal means.
