

*“The habit of being considerate towards others
will bring increased happiness to you”*

*Our board and committee members are your neighbors
volunteering their time, energy and often times their personal
resources for the good of our neighborhood. Just as you
value your privacy at your home, we ask that you extend
the same courtesy to our board and committee members
by avoiding unannounced visits to their private residences.*

*If you need to get in touch, please use the contact form
on our website to contact them.*
